Sir:

In response to the Office Action dated September 16, 2004, Applicant responds as indicated in the **Remarks** that immediately follow.

**REMARKS**

Originally filed Claims 1-38 are pending in the Application. The Office Action imposed a restriction requirement that restricted the claims into three groups, as recited below:

- I. Claims 1-29 and 32-34, drawn to a method of depositing metal particles dispersed on a particulate substrate, classified in class 427, subclass 115.
